WHO WE ARE

Thame Laboratories is a diverse, integrated specialty pharmaceutical company focused on developing and supplying pharmaceutical and consumer health products that provide benefits to patients, prescribers and the NHS.

Thame Laboratories is one of the fastest growing privately-held pharmaceutical company in UK with a turnover of \$500M. We operate principally in the UK and are the market leaders in pharmaceutical business operations that we function in.

Thro' a diversified business model encompassing niche speciality licensed medicines, un-licensed medicines, parallel trade and its own distribution network, Thame Laboratories has made exemplary growth since its inception in 2001 in the UK pharmaceutical market.
